

Building site to Monza

Ref. MO6

Residenza Aria is a new construction in the prestigious Musicians district located a few steps from the Monza park. Contemporaneity, elegance and functionality of the spaces characterize environments in which the imagination moves in total freedom.

To meet the need for eco-sustainability, the building will be built in class A4 with a mechanical ventilation system, radiant floor panels for heating and ducted air conditioning on the ceiling, managed independently by each unit. A system of photovoltaic panels will also be installed in order to guarantee savings on the consumption of energy used by the heat pumps, both for heating/cooling and for the production of domestic hot water.

The construction of a building with 16 prestigious residences is therefore planned, each served by terraces and loggias, which at the same time guarantee privacy and continuity between internal and external environments. The environments can be customized through a wide range of quality finishes to choose from, to create pleasant and comfortable environments.
