La Filanda Residence - San Biagio, Monza

In the heart of the historic San Biagio neighborhood, on Via Col di Lana, Residenza La Filanda is born: an urban regeneration project that enhances the architectural identity of an early 20th-century complex, reinterpreting it according to the canons of contemporary living. The project restores the courtyard's original layout, restoring its balance, proportions, and material quality. The simple facades, the loggias overlooking the interior spaces, the meticulous finishes, and the architectural details interact with modern technological solutions, creating a private, harmonious, and efficient residential environment.

On the ground floor we offer a two-room apartment divided as follows:

Entrance into the bright living area with living room and kitchenette, continuing on is the bathroom and bedroom.

The layout is functional and linear, with a clear separation between the living area and the sleeping area, ideal for a comfortable and modern life.

Residenza La Filanda is a luxury residential solution, ideal for those who want to live just steps from Monza's historic center, in an authentic, well-served, and strategically connected neighborhood.
