APARTMENT FOR SALE IN THE ISOLA AREA - MILAN
VIA VALTELLINA ADJACENT

Just steps from the Isola area, in one of Milan's liveliest and most sought-after neighborhoods, we offer for sale an approximately 80 sq m apartment in a period building.

This property has been completely redesigned with quality finishes and an extraordinary attention to detail.

On the ground floor, with a private entrance from the courtyard, it offers a fluid and versatile layout: living area with kitchen, bedroom with en suite bathroom.

The 4.10 m ceilings are the real highlight: there's already a large mezzanine in the living area, with room to create more to suit your needs. The existing mezzanine in the living area measures approximately 20 square meters, not counted as additional space in the main floor area of approximately 80 square meters. Additional mezzanines can be added to create additional overhead space.

The materials make the difference: "Biondo" oak parquet in every room (including the bathrooms), light wood doors, double-glazed PVC windows, underfloor heating and split air conditioning.

The metro is less than 500 meters away, and bus and tram stops are less than 50 meters away.

The rest of the city is within easy reach, with a supermarket less than 100 meters away.

Parking space available for rent in the courtyard of the building.
